

# Steelhead Falls Loop Trail Checklist of Native Plants

## Checklist

| Type   | Common Name                          | Family Name     | Scientific Name                     |
|--|--------------------------------------|-----------------|-------------------------------------|
| <input type="checkbox"/> <u>Coniferous Trees</u> |                                      |                 |                                     |
| <input type="checkbox"/>                         | Western Juniper                      | Cupressaceae    | Juniperus occidentalis              |
| <input type="checkbox"/>                         | Ponderosa Pine                       | Pinacea         | Pinus ponderosa                     |
| <input type="checkbox"/>                         |                                      |                 |                                     |
| <input type="checkbox"/> <u>Tall Shrubs</u>      |                                      |                 |                                     |
| <input type="checkbox"/>                         |                                      |                 |                                     |
| <input type="checkbox"/>                         | Western Serviceberry                 | Hydrangeaceae   | Amelanchier alnifolia               |
| <input type="checkbox"/>                         | Red Osier Dogwood                    | Cornaceae       | Cornus sericea                      |
| <input type="checkbox"/>                         | Lewis' Mockorange                    | Rosaceae        | Philadelphina lewisii               |
| <input type="checkbox"/>                         | Wood's Rose                          | Rosaceae        | Rosa woods                          |
| <input type="checkbox"/>                         | Willow sp.                           | Salicaceae      | Salix sp.                           |
| <input type="checkbox"/>                         |                                      |                 |                                     |
| <input type="checkbox"/> <u>Medium Shrubs</u>    |                                      |                 |                                     |
| <input type="checkbox"/>                         | Stiff Sagebrush                      | Asteraceae      | Artemisia rigida                    |
| <input type="checkbox"/>                         | Big Sagebrush                        | Asteraceae      | Artemisia tridentata                |
| <input type="checkbox"/>                         | Gray Rabbitbrush                     | Asteraceae      | Ericameria nauseosus                |
| <input type="checkbox"/>                         | Green Rabbbitbrush                   | Asteraceae      | Ericameria viscidiflorus            |
| <input type="checkbox"/>                         | Bush (Desert) Oceanspray             | Rosaceae        | Holodiscus microphyllus             |
| <input type="checkbox"/>                         | Bitterbrush                          | Rosaceae        | Purshia tridentata                  |
| <input type="checkbox"/>                         | Wax Currant                          | Grossulariaceae | Ribes cereum                        |
| <input type="checkbox"/>                         | Golden Currant                       | Grossulariaceae | Ribes aureus                        |
| <input type="checkbox"/>                         | Purple Sage                          | Lamiaceae       | Savia dorrii                        |
| <input type="checkbox"/>                         | Douglas' Spirea                      | Rosaceae        | Spirea douglasii                    |
| <input type="checkbox"/>                         | Gray Horsebrush                      | Astraceae       | Tetradymia canescens                |
| <input type="checkbox"/>                         |                                      |                 |                                     |
| <input type="checkbox"/> <u>Herbs</u>            |                                      |                 |                                     |
| <input type="checkbox"/>                         | Yarrow                               | Asteraceae      | Achilles millefolium occidentale    |
| <input type="checkbox"/>                         | Annual Agoseris                      | Asteraceae      | Agoseris heterophylla               |
| <input type="checkbox"/>                         | Small-flowered Fiddleneck            | Boraginaceae    | Amsinckia menziesii                 |
| <input type="checkbox"/>                         | Low Pussytoes                        | Astraceae       | Antennaria dimorpha                 |
| <input type="checkbox"/>                         | Spreading Pod Rockcross              | Brassicaceae    | Arabis divaricarpa                  |
| <input type="checkbox"/>                         | Showy Milkweed                       | Apocynaceae     | Asclepias speciosa                  |
| <input type="checkbox"/>                         | Stiff Milkvetch                      | Fabaceae        | Astragalus conjunctus               |
| <input type="checkbox"/>                         | Threadstalk Milkvetch                | Fabaceae        | Astragalus filipes                  |
| <input type="checkbox"/>                         | Woolly-pod Milkvetch                 | Fabaceae        | Astragalus purshii                  |
| <input type="checkbox"/>                         | Carey's Balsamroot                   | Asteraceae      | Balsamorhiza careyana               |
| <input type="checkbox"/>                         | Arrow-leaf Balsamroot                | Asteraceae      | Balsamorhiza sagittata              |
| <input type="checkbox"/>                         | Blepharipappus                       | Asteraceae      | Blepharipappus scaber               |
| <input type="checkbox"/>                         | Greenband Star Tulip (Mariposa Lily) | Liliaceae       | Calochortus macrocarpus             |
| <input type="checkbox"/>                         | Desert Paintbrush                    | Orobanchaecea   | Castilleja chromosa                 |
| <input type="checkbox"/>                         | Dustymaiden                          | Asteraceae      | Chaenactis douglasii                |
| <input type="checkbox"/>                         | Miner's Lettuce                      | Montiaceae      | Claytonia perfoliate                |
| <input type="checkbox"/>                         | Small-flowered Blue-eyed Mary        | Plantaginaceae  | Collinsia parviflora                |
| <input type="checkbox"/>                         | Large-flowered Collomia              | Polemoniaceae   | Collomia grandiflora                |
| <input type="checkbox"/>                         | Longleaf Hawksbeard                  | Asteraceae      | Crepes acuminata                    |
| <input type="checkbox"/>                         | Western Hawksbeard                   | Asteraceae      | Crepis occidentalis                 |
| <input type="checkbox"/>                         | Obscure Cryptantha                   | Boraginaceae    | Cryptantha ambigua                  |
| <input type="checkbox"/>                         | Spring Gold                          | Asteraceae      | Crocidium multicaule                |
| <input type="checkbox"/>                         | Western Prairie Clover               | Fabaceae        | Dalea ornata                        |
| <input type="checkbox"/>                         | Upland Larkspur                      | Ranunculaceae   | Delphinium nuttallianum             |
| <input type="checkbox"/>                         | Western Tansymustard                 | Brassicaceae    | Descurainia pinnata                 |
| <input type="checkbox"/>                         | Sticky Cinquefoil                    | Rosaceae        | Drymocallis (Potentilla) glandulosa |
| <input type="checkbox"/>                         | Threadleaf Fleabane                  | Asteraceae      | Erigeron filifolius                 |
| <input type="checkbox"/>                         | Desert Yellow Daisy                  | Asteraceae      | Erigeron linearis                   |

# Steelhead Falls Loop Trail Checklist of Native Plants

| Type                     | Common Name                        | Family Name                          | Scientific Name           |
|--------------------------|------------------------------------|--------------------------------------|---------------------------|
| <input type="checkbox"/> | Cushion Fleabane                   | Asteraceae                           | Erigeron poliospermus     |
| <input type="checkbox"/> | Parsnip Buckwheat (Desert Parsley) | Polygonaceae                         | Eriogonum heracleodites   |
| <input type="checkbox"/> | Rock Buckwheat                     | Polygonaceae                         | Eriogonum sphaerocephalum |
| <input type="checkbox"/> | Strict Buckwheat                   | Polygonaceae                         | Eriogonum strictum        |
| <input type="checkbox"/> | Sulphur Buckwheat                  | Polygonaceae                         | Eriogonum umbellatum      |
